* Heavy vehicles will be tolled at a single toll point along the West Gate Freeway, regardless of route. Long HCV is a new vehicle class (trucks 26m or longer) being introduced on West Gate Tunnel and CityLink once the West Gate Tunnel opens. It's a reference to the vehicle classification defined as "High Productivity Freight Vehicle" or "HPFV" under the WGT Project Agreement.

**Excluding Victorian public holidays. The toll point is located on the new ramp connecting the West Gate Tunnel inbound to the City West area.
